“ WE “

## At the service of CONNOISSEURS

The kitchen has a very significant place in every home, and new concepts in furniture decor are setting trends. The modern concept of modular kitchens and Wardrobe shutters are gaining popularity in India. A modular kitchen not only makes performing chores in the kitchen easier but also makes the kitchen look elegant. We intend to take fascinating homes to a different level with the introduction of contemporary modular kitchens and Wardrobe shutters.

**CANTAWOOD** is stepping a notch higher in home designing domain. Due to customization features and introduction of our components in modular kitchens and Wardrobes, we are gaining popularity in today's time.

The Promoters of **CANTAWOOD** are well versed in technical & commercial aspects of the trade for more than 25 years.

A state of art production unit to cater to your need of high quality & innovative products have been made using Italian and German machines.

Our products meet the highest certification parameters & are duly produced in eco-friendly environment which is absolutely dust free resulting in a very high quality and classic finish.

With **CANTAWOOD** the Architects and Interior Designers have felt an exhilarating experience while executing their cherished projects with full satisfaction.
